

Quick Instruction Manual for Invisible Keyboard Covers

1- Please remove keyboard cover from the retail packaging.

2- Align the spacebar of your cover with the spacebar on your keyboard then lay down the EZQuest Cover. Gently smooth your keyboard cover from the center towards both sides, until the cover is seated properly. Now you are ready to type!

How do I clean my Clear Invisible keyboard cover?

We recommend using Mr. Clean Magic Eraser to clean the Clear Invisible keyboard cover (which is not silicone-based). Mr. Clean Magic Eraser can be found in most grocery stores. Apply a small amount of water to the Magic Eraser to clean both sides of the cover. After about a minute of cleaning, the keyboard cover should look like new again.
