

# USB-C™/USB Car Charger

## Dual Charger Plugs into Car's Lighter Outlet

- One USB-C™ port and one USB port
- Designed for a faster charge, 3Amps USB-C - 2.4Amps USB
- Charge your new MacBook and MacBook Pro, or any other USB-C ready devices, while in your vehicle
- USB port for charging your iPhone, iPod, iPad, or other devices using a USB charger
- Built-in circuit protection
- Anodized aluminum design

### Charge USB-C Enabled Smartphones, Tablets or Laptops from Your Vehicle

The EZQuest USB-C/USB Car Charger will let you charge your MacBook, MacBook Pro or any USB-C ready laptop while in your vehicle.

### Simple to Use

Plug into your car's 12- or 24-volt lighter outlet, and you are ready to charge. Connect your USB-C device, or any standard USB devices to be charged. An LED light shines signaling that you are receiving power and ready to charge.

### For Use with USB-C and USB Devices

EZQuest's USB-C/USB Car Charger is designed for both new and current technology. The USB-C port will charge your MacBook and MacBook Pro as well as any other USB-C ready devices. The standard USB Port will power your iPhone, iPad, iPod, and many more USB friendly devices.

### Built-In Circuit Protection

Built-in circuit protection ensures that your device is protected at all times while charging.
