Connect a USB Device to Your Computers, Tablets and Phones with USB-C Ports

The EZQuest USB-C to USB-A Female Cable Adapter lets you connect your USB devices including a mouse, keyboard, or printer to computers, tablets and phones that have USB-C ports.
The EZQuest USB-C to USB-A Female Cable Adapter lets you charge/sync your iPhone, iPad, or smartphone to a USB-C ready MacBook, computer or other USB-C powered devices.

Hard Drive   Printer   Smartphone   Flash Drive

Computers or Tablets equipt with USB-C port

Compatible with USB 3.0/2.0 and USB-C Ready Devices with OTG

Now you can access information from your USB 3.0 hard drives and other devices. With this adapter, you can also connect to older peripherals that support USB 2.0, as well as USB-C ready devices with OTG support for smartphones and tablets.

Strong and Durable

Our DuraGuard™ USB-C to USB-A 3.0 Female cable adapter is reinforced with Kevlar® core, nylon braided outer sheath, strain relief and strong aluminum connector housings. Our Kevlar® wraps around the outer cable as well as through the center of each inner cables core creating a very strong and durable design. This cable has been engineered for extreme durability and heavy everyday use that can withstand any twist, tug or tangle.
