UltimatePower 120W GaN USB-C PD Wall Charger

With 2 USB-C, 1 USB-A Port, 2 Meter USB-C Cable and EU Converter

- Powered by Gallium Nitride (GaN) Technology
- 2X Smaller than Traditional Silicon-Based Chargers
- Quick Charging Ports with High Power Efficiency
- Built-in NTC (Negative Temperature Coefficient) Technology to Keep the Charger Cool
- Industry-Leading Over-Current, Over-Voltage, Over-Temperature and Short-Circuit Protection
- Intelligent Power Allocation Based on what Devices are Connected
- Filled with Thermal Conductive Epoxy to Dissipate Heat
- Built-in Foldable US Wall Plugs
- Includes one DuraGuard USB-C Charge and Sync 2 Meter Cable and one EU International Converter for Travel
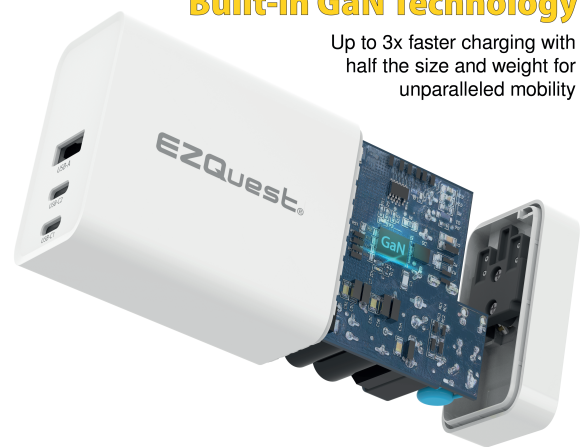

The UltimatePower 120W USB-C charging station with GaN technology can simultaneously quick charge 2 USB-C and 1 USB-A devices for fast, efficient charging at home, in the office, or on the go up to 120 Watts

Built-in GaN (Gallium Nitride) Technology

The UltimatePower 120W uses the latest Gallium Nitride (GaN) technology so our charger can be smaller and more efficient. The GaN technology Chip allows for hundreds or even thousands of transistors in a very small space. This lets us design a charger that is more efficient, smaller and more powerful.

Built-in GaN Technology

Up to 3x faster charging with half the size and weight for unparalleled mobility

Small Yet Powerfull

Our UltimatePower 120W is smaller than a credit card, 35% smaller than the Apple 96 Watt USB-C Charger and 50% smaller than traditional Silicon-Based chargers.
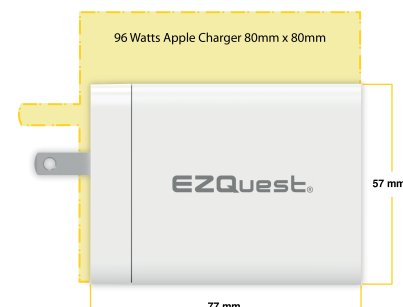

Foldable US Wall Plugs

Foldable US plugs, compact form factor, no messy cables and optimized portability will make it perfect for traveling worldwide with universal 100V - 240V voltage so you can charge in any country that uses a US or European plug.
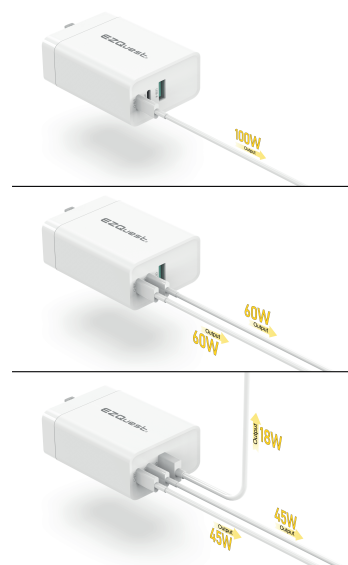

Ultra Compact

35%

Smaller Design, 120W, 2 x USB-C, 1 x USB-A

96 Watts Apple Charger 80mm x 80mm

77 mm

EZQuest®

Intelligent Power Allocation

Charge Everything

Our UltimatePower 120W is capable of charging a single MacBook Pro 16-inch at 100 Watts or two at 60 Watts each simultaneously. You can also charge three devices at once, one iPad at 18 Watts and two MacBook Pro's, one at 65W and the second at 30W. This charger supports QC4 +, PD 3.0, QC3.0, QC2.0, PPS, AFC, Apple 2.4A, FCP, and SCP charging protocols.

Protect Your Charger & Devices

Our UltimatePower 120W is a highly efficient charger that is equipped with industry-leading over-current, over-voltage, over-temperature, and short-circuit protection for your charger and devices. The UltimatePower 120W has built-in NTC (negative temperature coefficient) technology that can detect the temperature inside the charger and if needed it will lower the output wattage to keep your devices safe while charging. The charger is also equipped with Intelligent Power Allocation so it adjusts its output based on how many and what type of devices are connected. If both USB-C ports are connected simultaneously to a laptop and a phone, the charger will detect the devices and allocate 90W to the laptop and 30W to the phone. If both devices are laptops, the charger will detect the devices and allocate each 60W. It is also filled with thermal conductive epoxy to dissipate heat.

Free USB-C Cable and Euro Pin Convertor

The UltimatePower 120W charger comes with a free 2 meter DuraGuard® USB-C to USB-C Charge and Sync cable that is reinforced with Kevlar® core, nylon braided outer sheath, strain relief, strong aluminum connector housings and designed with E-Mark (electronically marked). This cable has been engineered for extreme durability and heavy everyday use that can withstand any twist, tug or tangle with 50,000 bends lifespan. The UltimatePower 120W charger also comes with a free EU pin converter so you can use this charger when you travel. These two free items represent a value of $29.99.

Specification:

• Part Number: X50120
• UPC Code: 694307501201
• Input: 100-240V ~ 50/60Hz 3A
• Output:
  USB-C1: 3.3-20V/5A (PPS), 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (Max 100W)
  USB-C2: 3.3-20V/5A (PPS), 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (Max 100W)
  USB-A: 5V/3.5A, 9V/3A, 10V/2A, 12V/2.5A, 20V/1.5A (Max 30W)
  USB-C1+USB-C2: 90W+30W/60W+60W/30W+90W (Max 120W)
  USB-C1+USB-C2+USB-A: 65W+30W+18W/45W+45W+18W/30W+65W
  +18W (Max. 113W)
• Color: White
• Package Content: 1x 120W Charger, 1X 2 Meter USB-C to USB-C Cable
  and 1X EU pin converter
• 18-Month Warranty

Compatibility:

• Laptops:
  MacBook Air 13" (2018) / MacBook 12" / MacBook Pro 13" /
  MacBook Pro 15" / MacBook Pro 16", Spectre x360 / Yoga 720,
  and Xiaomi Air. and More
• Tablets:
  iPad Pro 12.9" / iPad Pro 10.5" / iPad Pro 11"
  Note: Use a USB-C to Lightning cable for Power Delivery fast charging
  for iPad models earlier than 2018, and all compatible iPhones.
• Phones:
  iPhone XS / XS Max / XR / X / 8 Plus / 8 / 7 / 7 Plus / 6
  Samsung Galaxy S10 / S10e / S10+ /S9 / S9+ / S8 / S8+ / Note 9 / Note
  Huawei P10 / Mate 9 / Mate 20X / Mate 20 Pro; LG G7 / V30+,
  Google Pixel / Pixel 3XL / 3 / 2XL / 2, Nexus 5X / 6P, Sony XZ2 Premium,
  Sony XZ3, and more
