

UltimatePower Mini 20W USB-C PD Wall Charger

2X Smaller than Traditional Silicon-Based Chargers

- Innovative Stacking Structure and Advanced Circuit Topology to increase efficiency and Reduce Size
- Quick Charging Port with High Power Efficiency
- Industry-Leading Over-Current, Over-Voltage, Over-Temperature and Short-Circuit Protection
- Improved heat dissipation with Heat-Sink
- Designed to Provide The Maximum Charge to iPhone 12 Supports Samsung PPS Fast Charging Protocols
- 3X Faster to Charge iPhone 12 and previous iPhone models with an original 5W Charger
- Works with most handheld devices and provides high-speed charging to most flagship phones including iPhone and Samsung Galaxy S20 as well as smart-watches and ear-buds

The UltimatePower Mini 20W USB-C PD wall charger will charge an iPhone or any USB-C smartphone as well as smart-watches and ear-buds. Use a USB-C to Lightning cable for Lightning devices and use a USB-C to USB-C cable for USB-C devices. (Cables sold separately).

Advanced and Innovative Technology

Innovative stacking structure and advanced circuit topology along with noise canceling technology are behind this ultra-small and 3X faster 20W USB-C PD wall charger.

Charge Everything

The EZQuest UltimatePower Mini 20W is optimized to work flawlessly with a wide range of smartphones, tablets, and more, so now you can charge all of your mobile devices via a single ultra-portable charger.

Small Yet Powerfull

Our UltimatePower Mini 20W charger is 3X Faster to Charge iPhone 12 and previous iPhone models with an original 5W Charger from 0% to 50%. It is almost the same size of the US quarter.

Protect Your Charger & Devices

Our UltimatePower Mini 20W is a highly efficient charger that is equipped with industry-leading short-circuit protection, over-voltage, over-temperature, and over-current to protect your charger and devices. The charger can also auto recognize your device so it selects the fastest and most efficient available charging current. It also has a built-in Heat-Sink to dissipate heat along with EMI (Electromagnetic Interference) shielding.

Specification:

- Part Number: X60020
- UPC Code: 694307600201
- Input: 100-240V ~ 50/60Hz 3A
- Output:
 - USB-C: 5V/3A, 9V/2.22A, 12V/1.67A (Max 20W)
- Color: White
- Package Content: 1x 20W Charger, Manual
- 18-Month Warranty

Compatibility:

- iPhone 12 / 12 mini / 12 Pro / 12 Pro Max / iPhone SE (2nd generation) / 11 / 11 Pro / 11 Pro Max / XS / XS Max / XR / X / 8 Plus / 8
- Magsafe Wireless Charger
- iPad Pro 12.9-inch 4th / 3rd / 2nd / 1st generation, iPad Pro 11-inch 2nd / 1st generation, iPad Pro 10.5-inch, iPad Air 4th / 3rd generation, Pad 8th / 7th generation, iPad mini 5th generation
- AirPods, Apple Watch
- Galaxy S10 / S10+ / S10e / S9 / S9+ / S8 / S8+, Note 9 / 8, Pixel 3a / 3XL / 3 / 2 XL / 2, and More

• Note:
Will charge Nintendo Switch but does not support "Charge-and-Play" in TV mode. After connecting to iPhone (8 / 8 Plus / X / XS Max / XS / XR), fast charging (9V) will begin automatically, regardless of whether you hear one charging indicator sound or two.
Use a USB-C to Lightning cable for Lightning devices and use a USB-C to USB-C cable for USB-C devices (Cables sold separately).
Due to the safety requirements of lithium batteries, charging speeds for phones will be faster from 0% to 50% capacity than from 50% to 100%.
